**GE-Tiflis: Central hidroeléctrica (BEI)  
2012/S 9-012347**

**Hydro Power Plant**

**Georgia  
Enguri / Vardnili HPP Rehabilitation Project**

**Invitation for prequalification**

**Supply and Installation of Monitoring System on Vardnili 1 HPP Dam**

Engurhesi Ltd, hereinafter referred to as "the Client", intends using part of the proceeds of a loan from the European Investment Bank (EIB), hereinafter referred to as "the Bank" towards the eligible costs of Enguri/Vardnili HPP Rehabilitation Project.

The overall Enguri and Vardnili HPP Rehabilitation Project is financed by EBRD, EIB and EU NIF. The tendering documentation is following the EBRD Standard Tender Documents for all the contracts. In the purchases which EIB finances alone (like this purchase), EIB makes the procurement decisions and commenting that are defined in the EIB Guide to Procurement, to be made by the Bank.

The Client intends prequalifying firms and consortia to tender for the following contract, hereinafter referred to as "the Contract", to be funded from part of the proceeds of the loan.

The aim of the Contract is to supply and install monitoring system on the dam of Vardnili HPP, with quantity and element base applicable to the modern international standards for dam control and safety.

The Enguri HPP and Vardnili HPP Cascade is located in the west Georgia, in the Abkhazia Region, few kilometers from the town Gali.

The scope of the Contract includes the implementation of the following works:

- Drilling of piezometer boreholes and supply and installation of equipment,
- Drilling of inclinometers boreholes and supply and installation of equipment,
- Supply and installation of leakage measuring equipment and upgrading of measuring channels,
- Upgrade of geodetic network,
- Supply and installation of meteo station,
- Supply and installation of reservoir level monitoring device.

The Client will provide construction designs for the supply and installation of monitoring system.

The expected construction period for the supply and installation of monitoring system is 6-8 months.

Prequalification and tendering for contracts to be financed with the proceeds of a loan from the EIB is open to firms and joint ventures of firms from any country.

Prequalification documents may be obtained from the office at the address below or may be dispatched electronically in PDF format free of charge.

The prequalification documents must be duly completed and delivered to the address below, on or before 15 February 2012, by 16:00 PM, local time. Documents which are received late may be rejected and returned unopened.

Interested firms may obtain further information from, and inspect and acquire the prequalification documents at the following office:
