the Official Journal of the European Union
(OJEU)**

**International Invitation
for Tenders**

Reventazón Hydroelectric Project

2010-LI-000025-PROV

Instituto Costarricense de Electricidad

The Instituto Costarricense de Electricidad (hereinafter referred to as "the Borrower") has applied for a loan from the European Investment Bank– EIB (hereinafter referred to as "the Bank") – towards the cost of the Reventazón Hydroelectric Project. This International invitation for tenders relates to the contract for the electromechanical equipment for generation.

This contract will include:

- Formula N^o1: Turbines, Generators, Auxiliaries, Control System and Balance of Plant
- Formula N^o2: Overhead Crain

This contract is expected to be implemented from December 2011 to December 2015.

The criteria to be used in the tender evaluation are:

- Prices and Efficiency of the Equipment

All firms are invited to participate in the tender. Interested eligible Bidders may obtain further information from, and inspect the Bidding Documents at:

- Rolando Espeleta Villalobos

Instituto Costarricense de Electricidad, San José, Costa Rica. Phone +506 2220-8305, fax +506 2220-8191, respeleta@ice.go.cr.

A complete set of Bidding Documents are available in the following address:

- <https://apps.grupoice.com/PEL/listarAdquisiciones.do>

The name of the Bidding Documents is "2010-LI-000025-PROV"

A Bid Security of 1 000 000 US dollars for Formula N^o1 and 25 000 US dollars for Formula N^o2 fulfilling the conditions indicated in the Bidding Documents must accompany all bids. All bids must be presented in closed envelopes bearing the mention "Bid for Licitación Pública N^o 2010-LI-000025-PROV" not later than 10 in the morning of the 24 th of May 2011 at the following address: Proveduría del ICE, North Sabana, 400 meters north from the east corner of ICE's Main Building, San José, Costa Rica. Bids will be opened immediately in the presence of Bidders' representatives who choose to attend. On March 15th, 2011, at 9 am, there will be a visit to the Project site in which interested parties may participate. The visit will start in Reventazón Hydroelectric Project headquarters located in the canton Siquirres, Limón.
